

Anytime. Anywhere. The 2020 4Runner.

TRD Off-Road Premium shown in Barcelona Red Metallic

See numbered footnotes in Disclosures section.

The best stories begin where the trail map ends. 4Runner has been delivering on this promise for over 30 years, and the 2020 Toyota 4Runner is ready to take you to places you never thought possible. Proven body-on-frame construction, advanced off-road technologies⁶² and a tough powertrain mean that this SUV can easily go where lesser trucks can't. And with its suite of available convenient technologies, just connect your compatible iPhone^{®63} to access its integrated Apple CarPlay.^{®6} You can also enjoy the advanced voice-activated capabilities of Alexa⁷ compatibility to stay connected long after the city has left your rearview mirror. The next great campfire story is yours for the making. Let's keep it wild.

tread lightly

Built to take on what Mother Nature dishes out.

4Runner's heritage has always been one of toughness. That's why the 2020 4Runner is built utilizing rugged body-on-frame construction, for optimized strength and durability. All 4Runners get beefy skid plates to help protect the engine, front suspension and fuel tank. 4x4 models also get a skid plate to help protect the transfer case. This all rides on a suspension made up of independent double-wishbones up front, and a 4-link and coil-spring setup in the rear. This proven combination gives 4Runner a ride that's smooth in the city, yet tough enough to take on your favorite trail.

APPROACH WITH CONFIDENCE⁶²

4Runner is built to handle almost any terrain.⁶² With up to 9.6 inches of ground clearance, an approach angle of 33 degrees and a departure angle of 26 degrees, all 4x4 4Runners are ready to help keep the adventure going.

KDSS^{62, 64, 65}

The available Kinetic Dynamic Suspension System (KDSS) helps 4Runner make molehills out of mountains. When taking on extreme off-road terrain, this system automatically decouples 4Runner's sway bars as needed, helping improve wheel articulation. And when the terrain goes back to smooth and flat, the sway bars automatically reconnect.

HAC/DAC

Standard Hill Start Assist Control (HAC)⁵⁶ helps keep the vehicle from rolling backward when switching from brake to accelerator on a steep incline. The available Downhill Assist Control (DAC)⁵⁷ selectively applies the brakes to help keep a controlled speed on steep or slippery descents.

Out here, lesser vehicles are an endangered species.

The best trails aren't known for their easygoing demeanor. Good thing 4Runner's ready to take on almost every terrain. Its available Kinetic Dynamic Suspension System (KDSS) allows for extra wheel articulation when needed. Available Crawl Control (CRAWL)³⁵ assists the driver in determining an optimal combination of low speed and traction. And with the available dial-type transfer case, finding the right off-road mode is as simple as turning a knob.

LOCKING REAR DIFFERENTIAL

To help you negotiate uncertain terrain, 4Runner TRD Off-Road has an electronically controlled locking rear differential that distributes engine power evenly to both rear wheels, so they move at the same speed, even if one is off the ground⁶² It also ensures a predictable output to help you maintain a controlled pace over obstacles.

MULTI-TERRAIN SELECT

Available Multi-terrain Select allows you to choose from four modes that will regulate wheelspin by adjusting the engine throttle setting and braking pressure to help provide you with optimized traction in various off-road situations.

AVAILABLE CRAWL CONTROL (CRAWL)35

This advanced system automatically modulates the throttle and brakes on five low-speed settings so you can keep your focus on steering through difficult terrain.

Take the reins, set the mood, choose a destination and charge on.

4Runner may be built to take on the rugged terrain, but its interior is designed for pure comfort. Intuitive controls make it easy to adjust everything from the climate control to off-road traction settings. A new 8-in. high-resolution touchscreen makes your playlist, navigation settings and more all look stunning. And with new tech like Apple CarPlay,^{®6} just pair your compatible iPhone^{®63} to access your music, phone book and more. The addition of Android Auto^{™5} and Amazon Alexa⁷ compatibility also makes it easier than ever to stay connected.

ANDROID AUTO™5 COMPATIBILITY

Android Auto[™] puts many of your favorite Android^{™4} apps right on 4Runner's 8-in. touch-screen. You can take calls, pull up your favorite playlist, and a whole lot more — all while your Android[™] phone is safely stashed away.

AMAZON ALEXA⁷ COMPATIBILITY

Almost anywhere the road takes you, Amazon Alexa connectivity follows. With a smartphone connection and the Toyota+Alexa app, all you have to do is ask Alexa to play music, hear the news, check weather, control smart home devices and more.⁶⁶

APPLE CARPLAY®6 COMPATIBILITY

4Runner's equipped with Apple CarPlay®6 compatibility. Just plug in your compatible iPhone®63 and get directions, make calls, send and receive messages, listen to your own playlist and more — all via the familiar touch-screen interface. Screen depiction accurate as of summer 2019.

See numbered footnotes in Disclosures section

AVAILABLE JBL®30 SPEAKERS

IH

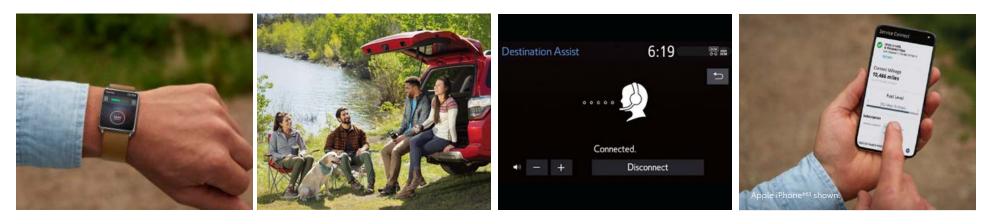

The perfect soundtrack can make your adventures even more epic. That's why 4Runner is available with a powerful 15-speaker JBL® system that delivers rich, powerful sound.

See numbered footnotes in Disclosures section.

MULTIMEDIA

Technology that keeps up with you.

Now there's more to love about 4Runner. Enjoy a new level of convenience and peace of mind with 4Runner's available technology features.

AVAILABLE REMOTE CONNECT²⁶

Locate your Toyota in a crowded parking lot, start the engine⁶⁸ lock/unlock your doors⁶⁸ and more, using your compatible smart devices⁶⁷ One-year trial included²⁷

SAFETY CONNECT®14

Because the unexpected can happen at any time of day — or night. Emergency SOS assistance and 24/7 Toyota Roadside Assistance⁶⁹ help you drive with added peace of mind. One-year trial included.¹⁵

AVAILABLE DESTINATION ASSIST²⁸

Need directions? No problem. Destination Assist gives you 24/7 access to a live agent to help locate a destination and get directions. One-year trial included.²⁹

AVAILABLE SERVICE CONNECT²⁴

You keep track of your health info; now you can do the same for your 4Runner. Service Connect gives you personalized maintenance updates and vehicle health reports. Ten-year trial included²⁵

WI-FI CONNECT¹⁶

4G Wi-Fi Connect lets you easily connect up to five devices. And depending on your existing mobile provider, you can add the Wi-Fi Connect subscription to your current mobile plan. Three-month trial included!?

TRD Off-Road Premium shown in Barcelona Red Metallic.⁵⁹ See numbered footnotes in Disclosures section.

You've got freedom to roam. Outside and inside.

Exploring the vast unknown requires a great amount of space for company or cargo. 4Runner's roomy interior seats up to seven passengers and has plenty of features, like front and rear 12V power outlets³⁸ for charging personal electronics, a variety of storage options, and available power-adjustable driver and front passenger seats, to keep everyone comfortable no matter how long the journey.

SLIDING REAR CARGO DECK

Get quicker access to your stuff. The available sliding rear cargo deck can support up to 440 lbs.⁵⁹ and helps make for an easy reach to your gear, or a quick setup before heading to the great outdoors.

POWER REAR GLASS

The 2020 4Runner features a power rear window, a signature element found across all generations of 4Runner. And best of all, it's standard. This rear glass raises and lowers with the push of a button, making it easier to grab your gear from the cargo area.⁵⁹

40/20/40 FOLD-FLAT SECOND-ROW SEATS

Every adventure has its own demands. With 4Runner's 40/20/40 fold-flat second-row seats, you can make room for everything you need by folding one or both seats down to accommodate up to 88.8 cubic feet of cargo⁵⁹ When not folded down, the seatbacks recline for added passenger comfort⁷⁰

The peace of mind you need to enjoy the peace of nature.

While your many adventures have earned you a bold reputation, you also make sure that your equipment will help keep you and your crew safe. That's why we've equipped 4Runner with an array of active and passive safety features. The standard Star Safety System[™] is designed to help you avoid trouble. Our rigorous crash testing has helped us develop a comprehensive occupant-protection system that features eight standard airbags,⁴⁷ should trouble prove unavoidable.

INTEGRATED BACKUP CAMERA³⁴

When backing up, the area visible to the camera is displayed on the touch-screen. 4Runner's available front and rear parking assist sonar⁵⁰ beeps to tell you how close the bumpers are from an object. The faster it beeps, the closer the object is.

STAR SAFETY SYSTEM™

4Runner comes standard with the Star Safety System,[™] a suite of six safety features designed to keep you out of harm's way. It includes Vehicle Stability Control (VSC),⁴⁴ Traction Control (TRAC), Anti-lock Brake System (ABS), Brake Assist (BA),⁴⁵ Electronic Brake-force Distribution (EBD) and Smart Stop Technology® (SST),⁴⁶

DRIVER AND FRONT PASSENGER ACTIVE HEADRESTS⁴⁸

Designed to optimize headrest position during certain types of rear-end collisions, driver and front passenger active headrests move slightly up and forward, so your head and neck are more effectively cushioned.

EIGHT AIRBAGS⁴⁷

A driver and front passenger Advanced Airbag System, driver and front passenger TAP (Thorax, Abdomen, Pelvis) front seat-mounted side airbags, driver and front passenger knee airbags and all-row (third-row airbags on models so equipped) Roll-sensing Side Curtain Airbags (RSCA) are all part of a system designed to help keep you safe.

rbac

SAFETY

Toyota Safety Sense™

High-tech backup for the road ahead.

Toyota Safety Sense[™] P (TSS-P)⁴⁰ is an active safety package that comes standard on every new Toyota 4Runner. This advanced precautionary safety system combines the Pre-Collision System with Pedestrian Detection (PCS w/PD),⁴¹ Lane Departure Alert (LDA),⁴² Automatic High Beams (AHB)⁴³ and Dynamic Radar Cruise Control (DRCC)³² to assist you. TSS-P's comprehensive features create in-the-moment safety designed to help support your awareness and decision-making on the road.

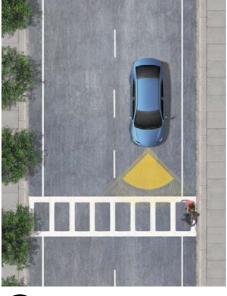

LANE DEPARTURE ALERT (LDA)⁴²

Under certain circumstances, Lane Departure Alert (LDA) is designed to help detect lane departure on roads with visible lane markings. LDA only activates when you're traveling at a speed of 32 mph or faster. When you hear and see the alert, after carefully checking the road around you, safely direct your vehicle back to the center of your lane.

The Automatic High Beams (AHB) feature is a safety system designed to help you see more clearly at night — without distracting other drivers. Designed to activate at speeds above 25 mph, AHB relies on an invehicle camera to help detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggles between high and low beams accordingly to provide the appropriate amount of light. By using high beams more frequently, the system may allow for earlier detection of pedestrians and obstacles.

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION (PCS w/PD)⁴¹

Pre-Collision System with Pedestrian Detection (PCS w/PD) is designed to help keep the road safe by detecting a vehicle or a pedestrian in certain situations. By combining millimeterwave radar with a camera capable of shape recognition, the system provides an audio/ visual alert, warning you of a possible collision under certain circumstances. If you don't react, the system is designed for automatic braking support to help mitigate the potential for a collision.

Intended for highway use and similar to "constant speed" cruise control, Dynamic Radar Cruise Control (DRCC) lets you drive at a preset speed. DRCC uses vehicle-to-vehicle distance control, which adjusts your speed, to help you maintain a preset distance from vehicles ahead of you that are driving at a slower speed. If a driver is traveling slower than you, or within your preset range, DRCC will automatically slow your vehicle down without deactivating cruise control. If DRCC determines you need to slow down more, an audio and visual alert notifies you and brakes are applied.

TRD PRD Ultimate toughness. Proven capability.

How do we make an off-road legend even more capable? Simple: We give it to the engineers at Toyota Racing Development (TRD). 4Runner TRD Pro is the culmination of our off-road know-how, boasting upgraded features that include a robust suspension, TRD-engineered alloy wheels and aggressive off-road tires. And with a heritage-inspired grille, TRD Pro badging and a ¼-in.-thick aluminum skid plate that protects things up front, this rugged body-on-frame SUV fears no trail.

NITTO^{®71} TERRA GRAPPLER^{®72} ALL-TERRAIN TIRES

4Runner TRD Pro's unique alloy wheels come wrapped in Nitto® Terra Grappler® allterrain tires for more on-road comfort and enhanced offroad traction.

Pack it up and strap it down. 4Runner TRD Pro's rugged roof basket lets you bring more gear for more adventure.

TRD-STAMPED ALUMINUM FRONT SKID PLATE

A unique TRD-stamped aluminum front skid plate comes standard on 4Runner TRD Pro. Constructed from 1/4-in.-thick aluminum, this piece helps protect crucial mechanical components underneath the front end, so you can go even farther beyond the map.⁵²

TRD-TUNED FOX®® SHOCKS AND TRD-TUNED SUSPENSION

Take your adventures to the next level. 4Runner TRD Pro's suspension features oversized FOX® highperformance shocks — with remote reservoirs on the rear shocks — and TRD-tuned front springs to help carry you over unforgiving terrain.⁶²

TRD PRD What is TRD?

Toyota Racing Development (TRD) is Toyota's factory-backed racing division. While TRD USA has been building go-fast parts for Toyotas since 1979, our racing legacy traces back well over two decades before that. With a history rich in motorsports, TRD engineers have continued to apply their knowledge to help enthusiasts get more performance from their vehicles, while maintaining factory levels of quality and reliability. Our TRD Pro Series vehicles are factory-tuned and built to take you way off-road.⁶² These are more than just parts; our engineers spend countless hours building, testing and tuning with passion. And with capability this exciting, our TRD Pro Series vehicles will help fuel your passion too.

ACCESSORIES

You know your 4Runner is supremely capable right out of the box. But when you want to crank up the attitude, turn to those who know your 4Runner best. Toyota Racing Development (TRD) brings you a line of accessories engineered just for your 4Runner. Each and every part is designed to give you maximum performance with proven dependability. And it's all available from your local Toyota dealer. All you have to do is pick out which parts are right for you.

OTHER TRD PERFORMANCE PARTS AND ACCESSORIES

TRD 17-in. matte-gray alloy wheels³ TRD air filter TRD oil cap TRD oil filter TRD radiator cap

RD EXHAUST

The bark to match the powerful V6 bite. This cat-back exhaust is constructed from 304 stainless steel, and its precise CNC mandrel bends help maximize efficiency. Helping finish off the package is a chrome-plated, dual-walled tip with embossed TRD logo.

TRD PRO ALL-WEATHER FLOOR LINERS³⁷

Floor liners embossed with the TRD Pro logo add protection and style to 4Runner's cabin.

Cutting-edge style. Trail-ready toughness. These TRD 17-in. matte-black alloy wheels amplify 4Runner TRD Pro's presence on- and off-road.

4Runner Nightshade Edition

Arrive with attitude. The Nightshade Edition available for 4Runner shows off this SUV's darker side with its 20-in. black alloy wheels, black chrome bumper accents and black interior accents.

Venture Special Edition shown in Barcelona Red Metallic

4Runner Venture Special Edition

The all-new 4Runner Venture Special Edition brings extra style and utility to all your on- and off-road adventures. It features all the same great equipment found on 4Runner TRD Off-Road Premium, and adds exclusive 17-in. dark metallic gray alloy wheels,³ a standard Yakima[®] MegaWarrior roofmounted cargo basket,² black door handles, a black rear spoiler and rugged all-weather floor liners.³⁷

rerload your vehicle. See Owner's Manual for weight limits and restrictions. Always properly secure cargo and cargo area. See footnote number 3 in Disclosures section for more information or off-road

SR5

Drivetrain

- 4.0-Liter DOHC 24-Valve V6 with Dual Independent Variable Valve Timing with intelligence (VVT-i); 270 hp @ 5600 rpm; 278 lb.-ft.
 @ 4400 rpm; 5-speed automatic transmission
- Rear-Wheel Drive (RWD) or part-time 4WD system with Active Traction Control (A-TRAC)
- Automatic Limited-Slip Differential⁵⁴ (Auto LSD on 4x2 models only)
- Downhill Assist Control (DAC) $^{\rm 57}$ (4x4 models only) and Hill Start Assist Control (HAC) $^{\rm 56}$

Exterior Features

Integrated fog lights

- Projector-beam headlights with smoked trim
- Skid plates on engine/front suspension, fuel tank and transfer case (transfer case on 4x4 models only)
- 17-in. 6-spoke alloy wheels with P265/70R17 tires

Interior Features

- Backup camera³⁴ with projected path
- Leather-trimmed tilt/telescopic steering wheel with audio and $Bluetooth^{\otimes 10}$ hands-free phone and voice command controls
- Fabric-trimmed front seats; 8-way power-adjustable driver's seat with power lumbar support; 4-way adjustable front passenger seat
- Fabric-trimmed 40/20/40 split reclining and fold-flat second-row seat
- Audio with eight speakers, and Android Auto^{™5} & Apple CarPlay^{®6} & Amazon Alexa⁷ compatible

Safety Features

- Toyota Safety Sense™ P (TSS-P)⁴⁰ includes:
 - Pre-Collision System with Pedestrian Detection (PCS w/PD) $^{\!\!\!\!\!^{41}}$
 - Lane Departure Alert (LDA)⁴²
 - Automatic High Beams (AHB)⁴³
 - Dynamic Radar Cruise Control (DRCC)³²

Options

- Running boards
- 50/50 split fold-flat third-row seat and sliding second row with passenger-side one-touch access to third-row seat
- Sliding rear cargo deck with under-floor storage box (not available with third row)
- Premium Audio with Dynamic Navigation,²¹ and Android Auto^{™5}
 & Apple CarPlay^{®6} & Amazon Alexa⁷ compatible

SR5 Premium

Adds to or replaces features offered on SR5

Exterior Features

• Heated power outside mirrors with turn signal indicators

Interior Features

- Smart Key System³³ with Push Button Start and remote illuminated entry
- SofTex®-trimmed³¹ heated front seats; 8-way power-adjustable driver's seat with power lumbar support; 4-way power-adjustable front passenger seat
- + SofTex*-trimmed $^{\rm 31}$ 40/20/40 split reclining and fold-flat second-row seat
- Premium Audio with Dynamic Navigation²¹ and Android Auto^{™5} & Apple CarPlay^{®6} & Amazon Alexa⁷ compatible
- Auto-dimming rearview mirror

Options

- Power tilt/slide moonroof with sunshade
- Running boards
- SofTex®-trimmed³¹ 50/50 split fold-flat third-row seat and sliding second row with passenger-side one-touch access to third-row seat
- Sliding rear cargo deck with under-floor storage box (not available with third row)

TRD Off-Road

Adds to or replaces features offered on SR5

Drivetrain

- Part-time 4WD system with Active Traction Control (A-TRAC)
- Hill Start Assist Control (HAC), 56 Multi-terrain Select and Crawl Control (CRAWL) 35
- Locking rear differential

Exterior Features

- 17-in. 7-spoke alloy wheels with P265/70R17 tires and black-painted accents
- Color-keyed front and rear bumpers with silver accents and color-keyed hood scoop
- "TRD Off-Road" external hard badges

Interior Features

- Overhead console with Multi-terrain Select and Crawl Control (CRAWL) $^{\rm 35}$ switches
- TRD shift knob
- TRD Off-Road floor mats³⁷
- Audio Plus with eight speakers, and Android Auto^{TM5} & Apple CarPlay^{®6} & Amazon Alexa⁷ compatible

Options

- Running boards
- Kinetic Dynamic Suspension System (KDSS)
- Sliding rear cargo deck with under-floor storage box
- Premium Audio with Dynamic Navigation,²¹ and Android Auto^{TM5} & Apple CarPlay^{®6} & Amazon Alexa⁷ compatible

TRD Off-Road Premium

Adds to or replaces features offered on TRD Off-Road

Exterior Features

• Heated power outside mirrors with turn signal indicators

Interior Features

- Smart Key System $^{\rm 33}$ with Push Button Start and remote illuminated entry
- SofTex®-trimmed³¹ heated front seats; 8-way power-adjustable driver's seat with power lumbar support; 4-way power-adjustable front passenger seat
- + SofTex®-trimmed $^{\rm 31}$ 40/20/40 split reclining and fold-flat second-row seat
- Premium Audio with Dynamic Navigation, 21 and Android Auto $^{\text{TM5}}$ & Apple CarPlay $^{\text{86}}$ & Amazon Alexa 7 compatible
- Auto-dimming rearview mirror
- "TRD" red lettering on driver and front passenger headrests

Options

- Power tilt/slide moonroof with sunshade
- Running boards
- Kinetic Dynamic Suspension System (KDSS)
- Sliding rear cargo deck with under-floor storage box

Venture Special Edition

Adds to or replaces features offered on TRD Off-Road Premium

Exterior

- 17-in. dark gray metallic alloy wheels³⁵ with P265/70R17 tires
- Blacked-out Toyota emblems, outer door handles, and side mirrors
- Roof rails with cross bars and Yakima® MegaWarrior cargo basket²
- Black rear spoiler with LED center high-mount stop light
 and integrated concealed rear wiper with mist cycle
- + All-weather floor liners $^{\rm 37}$

Limited

Adds to or replaces features offered on SR5 Premium

Drivetrain

- Rear-Wheel Drive (RWD) or full-time 4WD system with Active Traction Control (A-TRAC) and Torsen®55 limited-slip center differential with locking feature
- X-REAS Sport Enhancement Suspension

Exterior Features

- 20-in. split 6-spoke alloy wheels with P245/60R20 tires
- Power tilt/slide moonroof with sunshade
- Front and rear parking assist sonar⁵⁰
- Color-keyed front and rear bumpers and side rocker panels with chrome inserts, chrome door handles and chrome-accented front grille insert

Interior Features

- Perforated leather-trimmed heated and ventilated front seats; 8-way power-adjustable driver's seat with memory function and power lumbar support; 4-way power-adjustable front passenger seat
- Premium Audio with Dynamic Navigation²¹ JBL[®] w/Clari-Fi^{®30} and Android Auto^{™5} & Apple CarPlay^{®6} & Amazon Alexa⁷ compatible
- Dual zone automatic climate control with air filter and second-row vents

Options

- Automatic running boards
- Leather-trimmed 50/50 split fold-flat third-row seat and sliding second row with passenger-side one-touch access to third row
- Sliding rear cargo deck with under-floor storage box (not available with third row)

Nightshade Edition

Adds to or replaces features offered on Limited

Exterior

- 20-in. black alloy wheels
- Black exterior accents including front and rear bumper spoilers, outer door handles, rocker panels, roof rails, mirrors, window moldings, garnishes and exhaust tip
- Black interior trim including steering wheel, shift knob, inner door grips and center console panel
- Black badge overlays

TRD Pro

Drivetrain

- 4.0-Liter DOHC 24-Valve V6 with Dual Independent Variable Valve Timing with intelligence (VVT-i); 270 hp @ 5600 rpm; 278 lb.-ft. @ 4400 rpm; 5-speed automatic transmission
- Part-time 4WD system with Active Traction Control (A-TRAC)
- Hill Start Assist Control (HAC),⁵⁶ Multi-terrain Select and Crawl Control (CRAWL)³⁵
- TRD FOX^{®58} high-performance shocks with rear remote reservoirs
- TRD-tuned front springs
- Locking rear differential

Exterior Features

- Black "TRD PRO" external hard badges
- Unique "TOYOTA" front grille
- Auto on/off headlight feature
- Black roof basket²
- Power tilt/slide moonroof with sunshade
- TRD-stamped aluminum front skid plate
- TRD 17-in. matte-black alloy wheels³ with P265/70R17 A/T tires
- High-performance LED fog lights

Interior Features

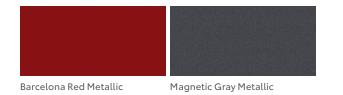

- Smart Key System³³ with Push Button Start and remote illuminated entry
- Overhead console with Multi-terrain Select and Crawl Control (CRAWL)³⁵ switches
- SofTex®-trimmed³¹ heated front seats; 8-way power-adjustable driver's seat with power lumbar support; 4-way power-adjustable front passenger seat
- SofTex®-trimmed⁴¹ 40/20/40 split reclining and fold-flat second-row seat
- Premium Audio with Dynamic Navigation²¹ JBL[®] w/Clari-Fi^{®30} and Android Auto^{™5} & Apple CarPlay^{®6} & Amazon Alexa⁷ compatible
- TRD Pro all-weather floor liners³⁷
- TRD shift knob

CARS BUILT FOR THE WAY YOU LIVE

At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow — from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help improve lives in other places, we do things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help them serve more people faster. Toyota. Built for how you live. Together we are going places.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags). **Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

DISCLOSURES (continued)

1. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print). 2. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. 3. 17-in. off-road performance tires are often expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy, depending upon tires used and driving conditions. 4. Android is a trademark of Google, LLC. 5. Vehicle user interface is a product of Google and its terms and privacy statement apply. To use Android Auto on your car display, you'll need an Android Auto compatible vehicle or aftermarket stereo, an Android phone running Android 5.0 (Lollipop) or higher, and the Android Auto app. Google, Android and Android Auto are trademarks of Google LLC. 6. Apps and services are subject to change at any time without notice. Data charges may apply. Apple CarPlay® functionality requires a compatible iPhone® connected with an approved data cable into the USB media port. Apple CarPlay® is a registered trademark of Apple Inc. 7. Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Requires adequate signal strength and smartphone. See applicable application for details. Not all Amazon Alexa functionality is available for in-vehicle use and some functions depend on smart home technology. Download of the Toyota+Alexa app is required to begin in-vehicle use of Alexa. Data charges may apply. Apps, prices and services subject to change at any time without notice. To learn more, go to https://www.toyota.com/audio-multimedia. To learn more about Toyota's data collection, use, sharing and retention, please visit https://www.toyota.com/privacyvts/. 8. May not be compatible with all mobile phones, MP3/WMA players and like models. 9. Advanced voice recognition capabilities vary by head unit. 10. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Toyota is under license. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 11. SiriusXM® audio services require a subscription sold separately by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Current information and features may not be available in all locations, or on all receivers, ©2019 Sirius XM Radio Inc. SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. 12. SiriusXM All Access trial length and service availability may vary by model, model year or trim. 13. Connected Services depends on an operative telematics device, a cellular connection, navigation map data, GPS signal strength and other factors outside of Toyota's control, all of which can limit system functionality or availability, including access to response center and emergency support. Service may vary by vehicle and region. Apps and services subject to change at any time without notice. See toyota.com/connected-services for details. To learn about Toyota's data collection, use, sharing and retention, please visit https://www.toyota.com/privacyvts/. Stolen vehicle police report required to use Stolen Vehicle Locator. 14. Toyota Safety Connect® depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength and other factors outside of Toyota's control, all of which can limit system functionality or availability, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Registration required. Service subject to change at any time without notice. Terms and conditions of subscription service agreement apply. Service may vary by vehicle and region. See usage precautions and service limitations in Owner's Manual and at toyota.com/connected-services/ for additional details. To learn about Toyota's data collection, use, sharing and retention, please visit https://www.toyota.com/privacyvts/. 15. The Safety Connect® trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in paid subscription is required to access the service. 16. Eligible vehicle and wireless service required. Coverage and service not available everywhere. Valid in the contiguous U.S. and Alaska. Do not drive distracted. Go to att.com/toyota for terms and conditions. 17. The Wi-Fi Connect trial period is at no extra cost and begins on the date of activation. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. 18. HD RadioTM Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio[™] and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiguity Digital Corp. 19. Genuine Toyota Paint Protection Film by 3M[™] is designed for specific sections of the vehicle most prone to chipping and may vary depending on vehicle model. Select applications may require an additional charge. Toyota Genuine Accessory Warranty only applies when installation is performed by a trained Toyota-approved installer. See Toyota dealer for details. 20. The universal tablet holder is intended for passengers only. Drivers should always be sure to obey traffic regulations and maintain awareness of the road and traffic conditions at all times. Use of aftermarket accessories may pose an increased risk of injury to occupants in the event of an accident. Tablet sold separately. 21. Dynamic Navigation depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength, and other factors outside of Toyota's control, which can limit system functionality or availability. Services not available in every city or roadway. Use common sense when relying on information provided. Service may vary by vehicle and region. Registration is required. Terms and conditions of subscription services agreement apply. See Owner's Manual and https://toyota.com/connected-services for additional limitations and details. To learn about Toyota's data collection, use, sharing and retention, please visit https://www.toyota.com/privacyvts/. 22. The Dynamic Navigation three-year trial begins the earlier of when the vehicle hits 100 miles or a year after the multimedia system manufacture date, regardless of when you purchase or lease the vehicle. Terms and conditions of subscription service agreement apply. 23. Dynamic voice recognition capabilities vary by head unit. 24. Information provided is based on the last time data was collected from the vehicle and may not be up to date. Service Connect depends on an operative telematics device, a cellular connection. navigation map data, GPS signal strength and other factors outside of Toyota's control, which can limit functionality or availability. Service may vary by vehicle and region. Registration required. Service subject to change at any time without notice. Terms and conditions of subscription service agreement apply. See usage precautions and service limitations in Owner's Manual and at toyota.com/connected-services for additional details. To learn about Toyota's data collection, use, sharing and retention, please visit https://www.toyota.com/privacyvts/. 25. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the respective trial period expires, enrollment in paid subscription is required to access the service. 26. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote Connect depends on an operative telematics device, a cellular connection. GPS signal strength and other factors outside of Toyota's control. which can limit system functionality and availability. Service may vary by vehicle and region, Registration and app download required. Terms and conditions of subscription service agreement apply. Data charges may apply. Remote start/stop not available on manual-transmission-equipped vehicles. Services subject to change at any time without notice. See usage precautions and service limitations in Owner's Manual and at https://www.toyota. com/connected-services for additional details. To learn about Toyota's data collection, use, sharing and retention, please visit https://www.toyota.com/privacyvts/. 27. The Remote Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. 28. Destination Assist depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength and other factors outside of Toyota's control, which can limit system ability functionality or availability. Use common sense when relying on this information. Service may vary by vehicle and region. Registration required. Services subject to change at any time without notice. Terms and conditions of subscription services agreement apply. See Owner's Manual and toyota.com/connected-services for additional limitations and details. To learn about Toyota's data collection, use, sharing and retention, please visit https://www.toyota.com/privacvyts/. 29. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. 30, JBL® and Clari-Fi® are registered trademarks of Harman International Industries, Inc. 31. SofTex® is a registered trademark of Toyota Motor Sales, U.S.A., Inc. 32. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. DRCC not available on manual transmissions. See Owner's Manual for additional limitations and details. 33. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 34. The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details, 35. Crawl Control is designed for driving on difficult terrain at low speeds and assists the driver by controlling acceleration and braking, allowing the driver to focus on steering. The 4Runner is designed to meet off-road driving requirements, but off-roading is inherently dangerous. Always wear seatbelts. See Owner's Manual for additional limitations and details. 36. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. 37. This floor mat/floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat/liner must be secured with its fasteners. Do not install a floor mat/floor liner on top of an existing floor mat/floor liner. 38. Rated for 12 volts. See Owner's Manual for additional limitations and details. 39. Do not exceed 120V. See Owner's Manual for additional limitations and details. dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner's Manual for additional limitations and details. 41. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle or a pedestrian. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian and weather, light and road conditions. See Owner's

DISCLOSURES

Manual for additional limitations and details. 42. Lane Departure Alert is designed to read visible lane markers under certain conditions, and provide visual and audible alerts when lane departure is detected. It is not a collisionavoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 43. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details. 44. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 45. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner's Manual for additional limitations and details. 46. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner's Manual for additional limitations and details. 47. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details. 48. Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions. 49. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner's Manual for additional limitations and details. 50. Front and rear parking assist sonar is designed to warn drivers of potential front and rear collisions at speeds of 6 mph or less. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the front and rear parking assist sonar to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See Owner's Manual for additional limitations and details. 51. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a gualified locksmith in your area who can perform high-security key service. 52. ToyotaCare plan covers normal factory scheduled service for 2 years or 25K miles, whichever comes first. Certain models require a different maintenance schedule as described in their Maintenance Guide. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska. 53. Roadside Assistance coverage is 2 years unlimited mileage. Does not include parts and fluids, except emergency fuel delivery. See Toyota Dealer for details and exclusions. Valid only in the continental U.S. and Alaska. 54. Auto LSD is an electronic. brake-actuated limited-slip differential that automatically activates when VSC is disengaged at low speeds. See Owner's Manual for additional limitations and details. 55. Torsen® is a registered trademark of Zexel Torsen, Inc. 56. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 57. Downhill Assist Control is designed to help driver maintain vehicle control and speed on steep, downhill descents and is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can affect the DAC's ability to prevent loss of control. See Owner's Manual for additional limitations and details. 58. FOX® is a registered trademark of FOX Factory, Inc. (©FOX Factory, Inc.) 59. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. 60. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. 61. 2019 EPA-estimated mileage. Actual mileage will vary. 62. The Toyota 4Runner is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. 63, iPhone® is a registered trademark of Apple Inc. All rights reserved. 64. Do not overload your vehicle. See Owner's Manual for weight limits and restrictions. Always properly secure cargo and cargo area. 65. Vehicle shown with some accessories not available from Toyota. 66. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. Skills and services subject to change at any time without notice. 67. Not all smartwatches are compatible with Remote Connect: Samsung Gear, Fitbit, Garmin are not compatible. 68. Password required to start/stop engine/lock/unlock door. When using Alexa to start/stop engine/ lock/unlock door, do so only if aware of circumstances surrounding vehicle and it is legal and safe to do so. Do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child. 69. Requires adequate cellular coverage and GPS signal strength. May not work in all areas. Service may vary by vehicle and region. See Toyota Dealer for details and exclusions. 70. Rear-seat leg rest may not fully raise based on height of passenger. Do not allow passengers to sit in a seat that has been fully or severely reclined while driving. This feature is intended for use only when the vehicle is parked. While the vehicle is being driven, all vehicle occupants should have the seatback upright, sit well back in the seat and properly wear the seatbelts provided. In the event of a collision, the more the seat is reclined, the greater the risk of death or personal injury. See Owner's Manual for additional limitations and details. 71. Nitto® is a registered trademark of Nitto Tire U.S.A. Inc. 72. Terra Grappler® is a registered trademark of Tovo Tire & Rubber Co., Ltd. Terra Grappler® is a registered trademark of Tovo Tire & Rubber Co., Ltd. 73. Extra-cost color.

Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Toyota 4Runner is designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage.

Toyota encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at all times.

Please do not allow passengers to ride in the cargo area. Towing hitch receiver/ball mount kits are not intended to provide crash protection.

For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Vehicles shown may be protoypes and/or shown with options. Actual models may vary.
