

Tundra

2015

TRD Pro

Climb, crawl and drive over just about anything with the most adrenaline-inducing lineup of off-road vehicles ever unleashed — the 2015 TRD Pro Series. Toyota's over five decades of off-road heritage has laid the groundwork for the development of the new high-performance TRD Pro. True Toyota off-road enthusiasts inspired this new lineup, with each part engineered, tested and tuned by Toyota and TRD specialists. Tundra TRD Pro is packed with authentic off-road capability and was built to be pushed to the limits. Let's get dirty!

TRD Pro shown in Inferno (prototype).

Work. Play. Explore. Then do it again.

Load up your bikes¹ and hook up the trailer²; the 2015 Tundra TRD Pro is ready to get you to those hard-to-reach places. This is one tough truck, from its protective aluminum front skid plate to high-performance suspension, and the off-road capability to help you get the most out of your Tundra.

TRD PRO SERIES

Tough looking with an attitude to match — meet the TRD Pro Series: Tundra, Tacoma and 4Runner. Each vehicle is packed with true off-road capability and ready to kick up some dirt.

OFF-ROAD WHEELS AND TIRES

Tundra TRD Pro offers true off-road prowess. Thanks to unique 18-in. black alloy wheels shod with Michelin Off-Road Package tires specifically chosen by TRD Pro engineers, they combine the best features for ultimate performance on or off the beaten highway.

HIGH-PERFORMANCE SUSPENSION

Professionally tuned by TRD suspension engineers, the Tundra TRD Pro is ready to take on some of the harshest terrain. Both front and rear suspensions feature larger diameter Bilstein® monotube shocks with remote reservoirs for excellent off-road handling and heat dissipation. TRD-tuned front springs pair with the shocks for an increased ride height, providing greater clearance with a comfortable ride.

TRD PRO SEATS

Even the seats have attitude. The Tundra TRD Pro seats stand out with unique embroidered red contrast stitching.

BED STAMP

This is not your average truck, and the unique Tundra stamping on the side of the bed lets everyone know.

1. "Payload capacity" is the calculation of GVWR minus curb weight and should be used for comparison purposes only. Actual curb weight, as opposed to the published curb weight, is affected by added vehicle equipment, as described in the towing disclosure (reference footnote 28). 2. See footnote 28 in Disclosures section.

TRD Pro shown in Inferno (prototype).

Built for the workday that never ends and the family that never stops.

The made in America* 2015 Toyota Tundra is a unique breed of tough. It's work tough, and family tough. When properly equipped with the available 5.7L V8, Tundra can tow over 10,000 lbs.¹ and haul more than 2,000 lbs.² so you can tow, carry or build almost anything. Tundra will take your toys just about anywhere and haul supplies for even the biggest home improvement projects. The rugged yet refined 1794 Edition CrewMax and sleek Platinum CrewMax offer a new level of luxury to make you feel at home no matter what task you take on. It's time to think of a full-size pickup in a whole new way. Let's go places.

*Assembled in Texas with U.S. and globally sourced parts.

"Let's get this trip started!"

Actual curb weight, as opposed to the published curb weight, is affected by added vehicle equipment, as described in the towing disclosure (reference footnote 28).

1794 Edition CrewMax shown in Sunset Bronze Mica with available 20-in. chrome-clad alloy wheels and running boards.

A bold, powerful family.

Tundra comes in six distinctive grades: SR, SR5, Limited, Platinum, 1794 Edition and TRD Pro. Made in America¹, winner of the IntelliChoice Best Overall Value² award and now Best Resale Value in its class by Kelley Blue Book's KBB.com.³

Left to right: **Platinum CrewMax**, **Limited CrewMax**, **SR5 Double Cab**, **SR Double Cab** and **1794 Edition CrewMax**. **TRD Pro** not shown.

3. Vehicle's projected resale value is specific to the 2014 model year. For more information, visit Kelley Blue Book's KBB.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc.

The official truck of the do-it-yourself, get-it-done weekend.

For Tundra owners, the weekend signals when the real work begins. This is the time for passion projects, home improvement and spending some time with the family. When properly equipped, Tundra, with up to a 2,000-lb. payload capacity,¹ available Deck Rail System² and an easy lower and lift tailgate, makes those larger-than-life weekend projects a little easier to tackle. Some say loading, unloading, hauling and towing a ton of lumber, gear and supplies is a ton of work. Tundra owners have another word for it — Saturday. So the next time the boys at the lumberyard are loading up your Tundra, ask them: “Is that all you got?”

LOAD IT UP

Pile it on: Tundra can take it. Home improvement? Lawn resodding? A footpath? No problem. The available Deck Rail System² incorporates four adjustable tie-down cleats, each rated at 220 lbs., to help keep the heavy stuff in place.

TIE-DOWN CLEATS

Used in tandem with the Deck Rail System,² tie-down cleats are constructed of sturdy die-cast aluminum. Each fully adjustable cleat slides along Tundra's Deck Rail System and is anchored to help ensure that what's in the bed stays in the bed.

EASY LOWER AND LIFT TAILGATE

The easy lower and lift tailgate opens and closes with just two fingers, plus it's easily removed and can be locked to secure cargo concealed under a tonneau cover or shell. This makes it easier for other members of the family to help with the loading and unloading.

SR5 Double Cab Long Bed shown in Silver Sky Metallic with available 18-in. 5-spoke alloy wheels and tow mirrors.

A truck that works hard to serve you.

As striking as Tundra is on the outside, the true reward comes once you are seated inside. An intuitive control layout keeps everything important within easy reach of the driver. Crisp gauges in the instrument cluster and a well-placed center stack add up to a confident driving experience. Even the steering wheel was designed to make it more comfortable to drive and easier to access your technology. Don't be fooled by this modern interior though: Beneath it all lies the legendary power and capability Tundra is famous for.

INTUITIVE CONTROL LAYOUT

Buttons and controls right where you want them. This helps keep your eyes on the task at hand, like making sure your boat launches safely.

DUAL ZONE CLIMATE CONTROL

Tundra is available with dual zone automatic climate control with individual temperature settings for the driver and front passenger. We know your truck can double as your office, so this helps keep everyone comfortable.

POWER THIGH SUPPORT

In addition to a 12-way power-adjustable driver's seat, 1794 Edition CrewMax and Platinum CrewMax also offer power thigh and lumbar support. This feature allows the driver to extend the lower seat cushion for greater comfort and support.

Limited CrewMax interior shown in Graphite with available Limited Premium Package and power tilt/slide moonroof. 2014 model shown.

Fits like a work glove. Feels like a luxury suite.

Stay totally in touch wherever you go. Whether you're on a long trip to the river, or just to the work site, Tundra's available Entune™ Premium JBL® Audio with Navigation¹ and App Suite² and refined interior offer convenience and peace of mind. The interior of Tundra CrewMax offers the latest tech and capability — along with the highest levels of comfort — with controls that are just as easy to use as they are to look at. With so much space, and a first-class ambience, you and your family will never want the journey to end.

entune™

The available Entune™ Premium JBL® Audio with Navigation¹ and App Suite² offers popular mobile applications including Bing™, iHeartRadio, MovieTickets.com, OpenTable® and Pandora®³. Plus, you'll get access to a wealth of valuable data services including fuel prices, stocks, sports, traffic and weather.

TOUCH CONTROLS

To help ensure that the drive is just as relaxing as it is rewarding, the main controls on the Tundra steering wheel are quickly accessible without taking your eyes off the road.

ARMREST STORAGE

Never hunt for what you need again. A convenient storage area underneath the armrest keeps important items secure and within arm's reach.

SPLIT FOLD-UP REAR SEATS

To create even more usable cabin space, Double Cab and CrewMax rear seats fold up, instead of flat. This creates not only more room, but also makes it easier to load cargo.

Limited CrewMax interior.

If it can tow the space shuttle, it can tow your boat.

On October 12, 2012, the Space Shuttle Endeavour was towed across LA's 405 freeway by an unmodified Toyota Tundra with a 5.7L V8 engine.¹ With this available 5.7L V8 engine, select Tundra models can tow over five tons.² Yet those who think towing is only about brute power are unfamiliar with a fundamental principle of physics: A trailer in motion tends to stay in motion. This is why Tundra comes equipped with class-leading 13.9-in. front brake rotors³ and powerful 4-piston front brake calipers to help bring Tundra and its trailer confidently to a halt. In fact, Tundra is the only truck in its class to offer 4-piston front brake calipers.⁴ In short, when it comes to towing, don't sweat the big stuff.

BIG BRAKES

A big part of controlling a trailer is having the ability to stop it. To that end, Tundra has class-leading 13.9-in. front brake rotors and is the only truck in its class to offer 4-piston front brake calipers.

TRAILER-SWAY CONTROL (TSC)⁵

When a vehicle is towing a trailer, conditions such as side winds, load undulation or the driver's steering input can result in dangerous trailer sway. Tundra's TSC is a system that detects trailer sway and applies brake pressure at individual wheels and controls engine torque to help stabilize the trailer. The system also illuminates the stop lights so that vehicles behind are alerted to the fact that your vehicle is decelerating.

AUTOMATIC LIMITED-SLIP DIFFERENTIAL (AUTO LSD)

Auto LSD uses the brakes to simulate the action of a mechanical limited-slip differential. Typically, engine torque is distributed to the rear wheels through an open differential, which sends power down the path of least resistance. That may work for turns where the outside wheel has to spin faster than the inside wheel, but not if a wheel loses traction. In that case, the differential will send all of its torque to the spinning wheel. With Auto LSD, Tundra applies brakes individually to wheels with no traction. This increases resistance at the slipping wheel, feeding power to the wheels with grip. With Auto LSD, even a 4x2 Tundra can pull itself out of many low-traction situations.

4WD ACTIVE TRACTION CONTROL (A-TRAC)

Pulling a trailer on a rainy day? Tundra models equipped with 4WD offer an A-TRAC system that helps improve grip in low-traction conditions — whether they be on-road, off-road or on a split-traction surface. The A-TRAC system utilizes the 2-speed transfer case for incredible torque and works in conjunction with Auto LSD to help prevent wheelspin.

1. The Tundra CrewMax 5.7L V8 is towing far beyond its published towing capacity in a one-time, short-distance event. Never tow beyond a vehicle's published towing capacities. Always consult the *Owner's Manual*. 2. See footnote 28 in Disclosures section. 3. See footnote 34 in Disclosures section. 4. See footnote 35 in Disclosures section. 5. See footnote 23 in Disclosures section.

SR5 Double Cab Long Bed shown in Silver Sky Metallic with available 18-in. 5-spoke alloy wheels and tow mirrors.¹

1. See footnote 28 in Disclosures section.

Handles the tough trails as well as it handles your family.

The best part of any adventure is bringing the family along, so Tundra makes sure that there is something for everyone. A glove compartment that's just the right size, rear-seat cup holders to keep spills to a minimum and an overhead console to make it easy to reach that pair of sunglasses. Tundra has the capability to handle the tough road or trail while keeping your passengers comfortable at the same time.

"It's great to get out here and forget about life for a while; the kids look forward to it every year."

GLOVE COMPARTMENT

Functionality is the focus when it comes to storage, so the glove compartment is spacious enough to hold things for the job site and intelligently positioned to be within easy reach.

REAR-SEAT CUP HOLDERS

Tundra hugs the road with a firm grip, and the rear-seat cup holders are designed to do the same thing, even if where you are headed gets a little bumpy.

OVERHEAD CONSOLE

Welcome to command central, where everything has a place. A panel overhead helps keep sunglasses and other items conveniently positioned where you need them.

Limited Double Cab shown in Barcelona Red Metallic with available TRD Off-Road Package and running boards.

Limited Double Cab interior shown in Black with available Limited Premium Package. 2014 model shown.

Beauty and beast. Capability never looked better.

Tough can be beautiful. Named for the founding year of the original ranch where Tundras are built in San Antonio, the 1794 Edition CrewMax adds luxurious refinement to the legendary toughness of Tundra. While the exterior commands respect, the interior rewards, no matter the length of your journey. Whether the road is paved or unpaved, or leads to the job site, the home front or lakeside, the 1794 Edition CrewMax is equipped to take it on.

*"So great to get everyone together;
we should do this twice a year!"*

1794 Edition CrewMax shown in Sunset Bronze Mica with available 20-in. chrome-clad alloy wheels, Blind Spot Monitor (BSM)¹ and running boards.

1. See footnote 2 in Disclosures section.

Luxury on a large scale. Rugged meets refined.

The 1794 Edition CrewMax excels at transporting passengers in the lap of luxury. As you slide into the premium seating and feel the soft-touch materials that surround you, you'll appreciate a vehicle that's as comfortable as it is capable. More than just muscle, the 1794 Edition CrewMax offers a spacious cabin and Entune™ Premium JBL® Audio with Navigation¹ and App Suite² to help you stay connected so you feel at home just about anywhere. Factor in an available Blind Spot Monitor (BSM)³ with Rear Cross-Traffic Alert (RCTA)⁴ and standard backup camera,⁵ and the result is a full-size truck with luxury and technology all its own.

SPACIOUS CABIN

Go ahead: Stretch out in the front and the rear. CrewMax gives you plenty of space for friends, your gear, and even the family pet.

BACKUP CAMERA⁵

Tundra's standard backup camera helps make hitching up that boat a bit easier. When you shift into Reverse, the 6.1-in. or available 7-in⁶ touch-screen displays an image of what the camera sees behind you.

AVAILABLE BLIND SPOT MONITOR (BSM)³ WITH REAR CROSS-TRAFFIC ALERT (RCTA)⁴

BSM with RCTA helps you identify vehicles that might be in a blind spot. When you use your turn signal and BSM detects a vehicle, it warns you with a flashing indicator light on the appropriate outside mirror.

1. See footnote 13 in Disclosures section. 2. See footnote 14 in Disclosures section. 3. See footnote 2 in Disclosures section. 4. See footnote 3 in Disclosures section. 5. See footnote 15 in Disclosures section. 6. Available on Limited, Platinum and 1794 Edition.

1794 Edition CrewMax interior. 2014 model shown.

**“Love the LED lights
up front, it’s a great way
to see and to be seen.”**

*“I love pulling up to the restaurant
in our Tundra — always get smiles!”*

Platinum CrewMax shown in Magnetic Gray Metallic with available running boards.

Peace of mind for the driver and all inside.

Toyota's Star Safety System™ is a suite of six safety features offered standard on every new Toyota. The system includes Vehicle Stability Control (VSC),¹ Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA),² and Smart Stop Technology® (SST).³ Termed “active” safety features, they're designed to operate in certain situations to help prevent accidents from occurring in the first place.

VEHICLE STABILITY CONTROL (VSC)¹

VSC helps prevent sideslip or skidding that can cause drivers to lose control during cornering. VSC monitors your steering angle and compares it to the direction in which your vehicle is actually traveling. If VSC detects a loss of traction in a turn, engine output is reduced and/or brake force is applied to individual wheels as needed.

TRACTION CONTROL (TRAC)

TRAC helps to maintain traction on wet, icy, loose or uneven surfaces. Like VSC, TRAC applies braking individually and reduces engine output to help assist the driver with control of the vehicle.

4-WHEEL ANTI-LOCK BRAKE SYSTEM (ABS)

ABS helps ensure that you're able to continue steering during emergency braking. By “pulsing” the brake of each wheel more rapidly than would be humanly possible, ABS helps keep the brakes from locking up. Since the system repeatedly releases the brakes for fractions of a second, the wheels never stop rotating, which helps keep the vehicle from going into a skid.

ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)

EBD helps keep the vehicle balanced when braking. During sudden stops, forward momentum causes the vehicle to tilt forward, reducing the brake effectiveness of the rear wheels. EBD responds by redistributing brake force from wheels with less braking effectiveness to wheels with more effectiveness. This helps prevent brake lockup. EBD is especially helpful when you're carrying cargo. When sensors detect extra load on the rear axle, brake pressure on the rear wheels is increased, exploiting the improved braking effectiveness extra weight can provide.

BRAKE ASSIST (BA)²

In emergency braking situations, a driver can fail to apply enough pressure to the brake pedal. BA can detect sudden or “panic” braking and apply additional brake pressure, taking full advantage of ABS and helping prevent a collision.

SMART STOP TECHNOLOGY® (SST)³

At speeds greater than five miles per hour, when the accelerator is depressed first and the brakes are then applied firmly for longer than one-half second, SST is designed to help the driver bring the vehicle to a stop.

EIGHT AIRBAGS⁴

Tundra also comes equipped with driver and front outboard passenger airbags, side curtain and front seat-mounted side airbags. Additionally, driver and front outboard passenger knee airbags are standard equipment.

1. See footnote 18 in Disclosures section. 2. See footnote 19 in Disclosures section. 3. See footnote 20 in Disclosures section. 4. See footnote 21 in Disclosures section.

1794 Edition CrewMax shown in Sunset Bronze Mica with available 20-in. chrome-clad alloy wheels and running boards.

Great power, great efficiency. Three ways to deliver it.

A powerful duo. Tundra offers a choice of two engines: a brawny 5.7L V8 or a strong 4.6L V8. So whether you're towing, hauling or just heading home, you can rest assured that with Tundra, you're carrying a payload of capability. With 381 horsepower from the 5.7L V8 comes a need for great control, so we equipped Tundra with an available 6-speed automatic transmission, a two-piece drive shaft and a massive 10.5-in. ring gear to handle the massive torque.

5.7L V8

Tundra's available 5.7L V8 has the muscle to cut big jobs down to size, delivering 381 hp and 401 lb.-ft. of torque. How powerful is it? It has enough power to tow the Space Shuttle Endeavour.¹

4.6L V8

The efficient 4.6L i-FORCE V8 may be compact, but Tundra's 4.6L V8 utilizes Dual Independent Variable Valve Timing with intelligence (VVT-i) and Acoustic Control Induction System (ACIS) technology to produce an impressive 310 hp and 327 lb.-ft. of torque.

1. The Tundra CrewMax 5.7L V8 is towing far beyond its published towing capacity in a one-time, short-distance event. Never tow beyond a vehicle's published towing capacities. Always consult the *Owner's Manual*.

Regular Cab

Built to deliver on every job.

- Available on SR
- Two full-size front doors
- 8.1-ft. bed length
- Bench seat with fold-down center console
- Easy lower and lift tailgate

Double Cab

Ready for work and the weekend.

- Available on SR, SR5, Limited and TRD Pro
- Two full-size front doors and two forward-hinged rear doors
- 6.5-ft. or 8.1-ft. bed lengths
- Standard bench seat with fold-down center console; available front bucket seats
- Easy lower and lift tailgate
- Vehicle shown with optional equipment

CrewMax

King of the road, and the work site.

- Available on SR5, Limited, Platinum, 1794 Edition and TRD Pro
- Two full-size front doors and two full-size rear doors
- 5.5-ft. bed length
- Standard bench seat with fold-down center console; available front bucket seats
- Easy lower and lift tailgate

Tundra Grades

SR Available in Regular Cab and Double Cab

Workhorse of the group. It all starts here.

Choice of Drivetrain

- 5.7-Liter Aluminum i-FORCE V8 DOHC 32-Valve with Dual Independent Variable Valve Timing with intelligence (VVT-i) (Regular Cab or Double Cab)
381 hp @ 5600 rpm; 401 lb.-ft. @ 3600 rpm
6-speed Electronically Controlled automatic Transmission with intelligence (ECT-i)
Includes Tow Package
- 4.6-Liter Aluminum i-Force V8 DOHC 32-Valve with Dual Independent Variable Valve Timing with intelligence (VVT-i) (Double Cab only)
310 hp @ 5600 rpm; 327 lb.-ft. @ 3400 rpm
6-speed Electronically Controlled automatic Transmission with intelligence (ECT-i)
- Rear-Wheel Drive or 4WDemand part-time 4WD

Exterior Features

- 18-in. styled steel wheels
- Daytime Running Lights (DRL)
- Front and rear mudguards
- Easy lower and lift tailgate
- Black heated power outside mirrors
- Windshield wiper de-icer

Interior Features

- Cruise control
- 40/20/40 split fold-down front bench seat
- Power windows and door locks
- 3.5-in. Multi-Information Display
- Entune™ Audio with 6.1-in. touch-screen
- Integrated backup camera¹⁵
- Bluetooth^{®9} wireless technology
- Hands-free phone capability
- USB 2.0 port⁵ with increased charging capability
- iPod^{®6} connectivity

Options

- Work Truck Package
- Towing hitch receiver (4.6L V8 only)
- Tow mirrors (5.7L V8 only)
- Running boards (Double Cab only)
- Deck Rail System

SR5 Available in Double Cab and CrewMax

Work site. Home base. It's ready to work.

Choice of Drivetrain

- 5.7-Liter Aluminum i-FORCE V8 DOHC 32-Valve with Dual Independent Variable Valve Timing with intelligence (VVT-i)
381 hp @ 5600 rpm; 401 lb.-ft. @ 3600 rpm
6-speed Electronically Controlled automatic Transmission with intelligence (ECT-i)
Includes Tow Package
- 4.6-Liter Aluminum i-Force V8 DOHC 32-Valve with Dual Independent Variable Valve Timing with intelligence (VVT-i)
310 hp @ 5600 rpm; 327 lb.-ft. @ 3400 rpm
6-speed Electronically Controlled automatic Transmission with intelligence (ECT-i)
- Rear-Wheel Drive or 4WDemand part-time 4WD

Exterior Features (adds to SR)

- Chrome grille surround
- Chrome front and rear bumper endcaps
- Fog lights
- Variable intermittent windshield wipers

Interior Features

- Entune™ Audio Plus with high-resolution 7-in. touch-screen
- HD Radio™¹⁰ and SiriusXM All Access Radio¹²
- Rear under-seat storage tray (Double Cab only)

Options

- SR5 Upgrade Package
- TRD Off-Road Package
- 18-in. 5-spoke alloy wheels
- Entune™ Premium Audio with Navigation¹³ and App Suite¹⁴
- Towing hitch receiver (4.6L V8 only)
- Tow mirrors (5.7L V8 only)
- Running boards
- Deck Rail System

Limited Available in Double Cab and CrewMax

Premium luxury and tech on a large scale.

Drivetrain

- 5.7-Liter Aluminum i-FORCE V8 DOHC 32-Valve with Dual Independent Variable Valve Timing with intelligence (VVT-i)
381 hp @ 5600 rpm; 401 lb.-ft. @ 3600 rpm
6-speed Electronically Controlled automatic Transmission with intelligence (ECT-i)
Includes Tow Package
- Rear-Wheel Drive or 4WDemand part-time 4WD

Exterior Features (adds to SR5)

- 20-in. alloy wheels
- Chrome door handles
- Chrome heated outside mirrors
- Silver billet-style grille insert
- Deck Rail System

Interior Features

- Leather-trimmed seats (front bucket seats with center console)
- Heated front seats with power driver's seat
- Power sliding rear window
- Dual zone automatic climate control
- Wood-style trim
- Auto-dimming rearview mirror with compass and HomeLink^{®17} universal transceiver
- Entune™ Premium Audio with Navigation¹³ and App Suite¹⁴
- Unique floor mats²⁰
- Rear under-seat storage tray (Double Cab only)

Options

- Entune™ Premium JBL® Audio with Navigation¹³ and App Suite¹⁴ (CrewMax only)
- Limited Premium Package
- TRD Off-Road Package
- Power tilt/slide moonroof (CrewMax only)
- Blind Spot Monitor (BSM)² with Rear Cross-Traffic Alert (RCTA)³ (CrewMax only)
- Tow mirrors
- Running boards

Tundra Grades (continued)

Platinum Available in CrewMax

King of the urban jungle. It fits in anywhere.

Drivetrain

- 5.7-Liter Aluminum i-FORCE V8 DOHC 32-Valve with Dual Independent Variable Valve Timing with intelligence (VVT-i) 381 hp @ 5600 rpm; 401 lb.-ft. @ 3600 rpm

A finish made to last.

Everything on Tundra is made to last, including the paint. Each color is tested to make sure it will last the life of the truck. We know that Tundra owners are a unique bunch, so we offered a variety of colors to suit every taste. No matter what color you choose, the Tundra, with its chiseled exterior, will demand attention.

TOWING SAE J2807

SAE J2807 is the standard used to determine tow ratings set by the Society of Automotive Engineers, SAE. Toyota agreed to adopt the standard and was the first manufacturer to do so. In fact, Tundra has been SAE J2807 compliant since 2010.

Accessories

You own it. But there are a few things you might want to do before it's really yours. Maybe it needs different wheels, tube steps, tie-downs, or a bed extender for doing stuff that only matters to you. Whatever it is, ask your sales associate to see the 2015 Tundra Accessories brochure, a soup-to-nuts catalog of Genuine Toyota Accessories designed to give your Tundra the finishing touches that make it unmistakably yours. For a complete list of accessories, go to toyota.com/tundra.

All-weather floor mats³⁰

Spray-in bedliner³¹

Bed extender³¹

Tow hitch receiver²⁸

20-in. machined star 5-spoke alloy wheels

Deck Rail System

Tube steps with stainless steel finish

TRD Pro Bilstein® shocks with remote reservoirs

EXTERIOR

- 20-in. carved alloy wheels
- 20-in. machined star 5-spoke alloy wheels
- Alloy wheel locks
- Brushed stainless steel step boards
- Exhaust tip
- Glass Breakage Sensor²⁵
- Locking fork bike rack³¹
- Paint protection film
- RS3200+ Vehicle Security System²⁵
- Skid plate
- Spare tire lock
- Tube steps — black
- Tube steps — chrome

TOWING

- Ball mount²⁸
- Tow hitch receiver²⁸
- Trailer ball²⁸

INTERIOR

- All-weather floor mats³⁰
- Ashtray cup
- Cargo tote³¹
- Carpet floor mats³⁰
- Console cargo tray
- Doorsill protectors
- Emergency assistance kit
- First aid kit
- Remote Engine Starter³²

BED

- Bed extender³¹
- Bed mat³¹
- Bed step
- Cargo divider³¹
- Cargo net³¹ (exterior)
- Deck Rail System
- Mini tie-downs with hooks^{31, 33}
- Skid Resistor™ bedliner³¹
- Spray-in bedliner³¹
- Tie-down cleats

TRD PERFORMANCE

- TRD 17-in. forged off-road beadlock-style alloy wheels
- TRD cold air intake system

TRD PERFORMANCE (CONT.)

- TRD high-performance brake kit
- TRD lowering springs
- TRD oil cap
- TRD oil filter
- TRD performance brake pads
- TRD performance dual exhaust system
- TRD performance handling suspension kit
- TRD Pro aluminum front skid plate
- TRD radiator cap
- TRD rear sway bar
- TRD shift knob
- TRD wheel locks

See numbered footnotes in Disclosures section.

DISCLOSURES

1. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. 2. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection, range and clarity of the monitor. For a complete list of limitations and directions regarding use of the monitor, please see the *Owner's Manual*. 3. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. To learn more, see *Owner's Manual*. 4. Entune™ is a trademark of Toyota Motor Corporation. Always drive safely, obey traffic laws and focus on the road while driving. Services vary by phone/carrier; functionality depends on many factors. Services subject to change. For enrollment and more details, see toyota.com/entune. 5. May not be compatible with all mobile phones, MP3/WMA players and like models. 6. iPod® and iPhone® are registered trademarks of Apple Inc. All rights reserved. 7. Advanced voice recognition capabilities vary by head unit. 8. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See toyota.com/entune for details. 9. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The *Bluetooth®* word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. A compatible *Bluetooth®*-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 10. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. 11. iTunes® Tagging is a registered trademark of Apple Inc. All rights reserved. 12. SiriusXM services require a subscription after 3-month trial period. **Subscriptions governed by SiriusXM Customer Agreement available at www.siriusxm.com. If you decide to continue your SiriusXM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. 13. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway; updates may be available at an additional cost from your dealer. See your *Navigation System Owner's Manual* for details. 14. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See toyota.com/entune for details. 15. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. 16. PANDORA® the PANDORA® logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission. 17. HomeLink® is a registered trademark of Johnson Controls, Inc. 18. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 19. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. 20. Smart Stop Technology® operates only in the event of certain simultaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your *Owner's Manual* for further details. 21. All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your *Owner's Manual* for further information/warnings. 22. The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your *Owner's Manual* for details. 23. Trailer-Sway Control (TSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See *Owner's Manual* for details. 24. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key, it can be costly to replace. If you lose a key, your Toyota dealer can help, or you can find a qualified independent locksmith to replace your key or perform high-security key services at www.alco.org. 25. Available only for vehicles equipped with factory security and factory remote keyless entry system. 26. Flex Fuel Vehicles not available in every state. In states where available, all 4x4 5.7L V8 models are FFV. Flex Fuel Vehicles use E85, gasoline or a combination of both. Estimated mileage will vary. Consult your dealer for nearest E85 filling stations or see toyota.com for further details. 27. "Payload capacity" is the calculation of GVWR minus curb weight and should be used for comparison purposes only. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can haul (payload) depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. 28. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. 29. 2015 EPA-estimated mileage. Actual mileage will vary. 30. To avoid potential interference with pedal operation, do not install a floor mat on top on an existing floor mat. Each mat must be secured with either quarter-turn fasteners or retention hooks (clips). This floor mat was designed specifically for use in this model year vehicle and SHOULD NOT be used in any other vehicle. 31. Cargo and load capacity limited by weight and distribution. 32. Available for vehicles with factory remote keyless entry. Use only if aware of circumstances surrounding the vehicle at time of start. Operate only when legal and safe to do so (e.g., car uncovered in open area with no people or pets inside or nearby). See usage precautions in *Owner's Manual*. 33. Requires Deck Rail System. 34. Based on manufacturers' data of rotor size. 35. Based on manufacturers' data.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

TOYOTA FINANCIAL SERVICES

Toyota helps you get more out of every dollar you spend. By rewarding you for every purchase you make, the Toyota Rewards Visa® adds even more value to doing the things you love.

Toyota Rewards Visa®

Turn everything you buy into points to redeem toward parts, accessories or an eligible vehicle purchase or lease at your Toyota dealer. Earn 5 points for every \$1 spent at participating Toyota dealers and 1 point for every \$1 spent everywhere else Visa is accepted.*

Visit www.toyotarewardsvisa.com for complete details.

Toyota Financial Services (TFS)† is a leading provider of automotive financial services, offering an extensive line of financing plans along with a variety of vehicle and payment protection products to Toyota customers and dealers in the U.S. For more information on TFS products and services, visit www.toyotafinancial.com

Toyota Tundra is designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage. Toyota encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at all times. Please do not allow passengers to ride in the cargo area. Towing hitch receivers/ball mount kits are not intended to provide crash protection. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable *Warranty and Maintenance Guide* or see your Toyota dealer.

*On approved credit. You must have a valid permanent home address in the 50 United States or the District of Columbia. Terms, conditions and restrictions apply and are fully described in the Toyota Rewards Visa Cardmember Agreement and the Toyota Rewards Program Terms and Conditions received with your card. Points earned are based on net purchases. Points-earning maximums apply and points will expire as described in the Rewards Terms and Conditions. Redemption only available at participating Toyota dealerships in the continental U.S. and Alaska. Points cannot be redeemed for cash. Please contact your participating Toyota dealer for information regarding restrictions your dealer may impose on the use of credit cards related to vehicle purchases or leases. The creditor and issuer of the Toyota Rewards Visa is Toyota Financial Savings Bank. Toyota Financial Services is a service mark used by Toyota Financial Savings Bank.

†Toyota Financial Services is a service mark for Toyota Motor Credit Corporation and Toyota Motor Insurance Services, Inc.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Prototypes shown. Actual production vehicles may vary.

For Toyota Mobility program details, go to www.toyota.com/mobility or call the Toyota Customer Assistance Center at 1-800-331-4331
